

ToroChallenge™ Rules

January 2020

The ToroChallenge™ is a real-time simulated trading account, where your trading is evaluated for the opportunity to get a funded trading account with our capital.

Once you reach the Profit target along with the minimum amount of round trades without breaking any of the following rules, you will gain your Funded Trading Account.

Rules:

1. Only trade allowed symbols intra-day. No pre/post market orders. No overnight positions.
2. Traders need to flat all positions before 16:00 EST
3. Do not reach or exceed the Daily Max Loss
4. Do not reach or exceed the Total Max Drawdown
5. Reach the profit target within the minimum of round trades
6. Do not overtrade just for the purpose of reaching the round trades
